

# Internationalization: Strategies and Solutions

## Why Higher-Edge

Higher-Edge was formed 10 years ago to build bridges between higher educational institutions and international students. We recognized that there was a world of opportunities - and challenges - that required a significant global infrastructure.

From our modest beginnings Higher-Edge now serves universities and professional organizations in Europe, North America and the Pacific Rim. It reaches students extending to east, southeast, south and west Asia, West Africa and Latin America.
